"Supermegatopia"
"The city I have sworn to protect"
"Sometimes, though, I wonder if it's worth it
Crime is getting more and more blatant"
"Why, just yesterday, I saw a baby stealing candy from a old lady!"
"Still, it's my city, dammit"
"I'm WEASEL BOY, and I'll be damned if I let this city go into ruin"
"Well, it was already a mess when I took the job, but I'm allowed dramatic license, right?"

You surrender, and you don't die of 'bullet-to-the-head-itis'?
